ACADEMIC ACHIEVEMENTS				
Publication Assessing Entity Resolution techniques based on deep learning 2022 IEEE 3rd Global Conference for Advancement in Technology (GCAT), Bangalore, India.				2022
PROFESSIONAL EXPERIENCE				
Software Engineer	Cisco Systems (India) Private Limited		Aug '22 -May'23	
• Oversaw and optimized the usability of NCS5500 routers for the team, ensuring consistent performance and reliability through proactive management and monitoring. • Diagnosed and resolved bugs in the L2-L3 layer, leading to a substantial boost in system performance and stability. • Developed and deployed a Python script to automate SRV6 feature testing on ASR9k routers, reducing process me by 85% and providing timely email updates. • Utilized C and Python programming skills to support and enhance technical projects.				
INTERNSHIPS				
Product Management Intern	Sabre Corporation		Apr '25 – Jun '25	
• Benchmarked 17 competitors across 20+ product features, providing insights that shaped Sabre’s product strategy and improved market positioning. • Revised 4+ product documents, ensuring clear communication between product management and development teams, which improved alignment and sped up product iterations. • Tested 3+ APIs using Postman, identifying 5 critical issues and bugs that enhanced API performance and user experience. • Designed and automated the release note process using Python-Streamlit based tool to extract Rally data and generate a customer-centric format, cutting documentation time by 99% and boosting reporting efficiency for Sabre’s product teams. • Analysed market trends and competitor offerings through secondary research, refining Sabre's targeting and messaging to improve product positioning and customer acquisition.				
Technical Graduate Intern	Cisco Systems (India) Private Limited		Jan '22 – Jun '22	
• Implemented a diagnostics health monitor for the router within the allocated timeline ensuring timely delivery and enhancing system reliability. • Conducted in-depth research and gained hands-on experience with CLI implementation on routers, improving configuration and troubleshooting skills. Designed and executed project using C.				
Projects				
AI Powered Personal Resume Chatbot			2025-Present	
• Identified limitations of static resumes and designed an AI chatbot using FastAPI and OpenAI GPT models to enable conversational Q&A on my professional background. • Developed a Streamlit frontend, containerized with Docker, and deployed on Koyeb and Streamlit Community Cloud to ensure scalable, real-time access. • Collected user feedback to refine conversational flow and expand content coverage, enhancing usability for recruiters and peers.				
POSITIONS OF RESPONSIBILITY IIIT-A				
Placement Coordinator	Led a Team of 15 to successfully place 350 students with a 100% placement rate Achieved an Median CTC of 31 LPA			2021-2022
Head – Events & Branding	Coordinated with 8 Heads and Managed a Team of 30 Led merchandise procurement and handled event scheduling, logistics, and requirements			2019-2020
Senator Students’ Gymkhana	Coordinated Installation of 36 Washing Machines for 350 students, ensuring efficient and timely setup			2018-2019
EXTRA-CURRICULAR ACHIEVEMENTS				
• P3 paragliding Pilot 15 solo flights 8hrs of airtime.				2024
• 99.14 %ile SNAP Top 0.86 % of the test takers.				2023
• 1st position Snooker Inter IIIT Sports Meet at IIITA				2019
